**NEW AS TOMORROW, YET—
A VETERAN IN SERVICE**

The basic design of the 1937-40 Howard remains as new as tomorrow, yet its life has been proven in millions of miles of flight.

Conceded by the majority to offer the best combination of speed, load carrying ability and flying characteristics, this new model has excellent vision, interior spaciousness for five, and a landing ability not exceeded by much slower mates.

Ask for the new brochure named the HOWARD AIRCRAFTER just off the press. Read about the top 4-5 place airplane of the year.

Howard AIRCRAFT CORPORATION
